

ARTICLE 3A - Shipping, Packing, Marking, Tagging and Labelling

Requirements - (a) F.O.B. Point. Whenever it is provided in Article 4 hereof or elsewhere herein that products and materials or other items called for under this contract shall be delivered to the Government f.o.b. cars and/or freight station at a specified city or shipping point, and whenever any Government-Furnished Equipment is to be delivered by the Contractor to the Government pursuant to Article 1 hereof, any shipment occupying sufficient space in a railroad car to constitute a carload shipment subject to carload freight rates shall be delivered f.o.b. cars at such city or shipping point or at railroad siding at Contractor's plant near such city or shipping point, and any shipment subject to less-than-carload freight rates shall be delivered f.o.b. freight station at such city or shipping point. The Government shall be entitled to all rebates and allowances, if any, in connection with any pick-up-and-delivery services of the carrier or carriers involved. All said shipments shall be made on Government bills of lading, but the Contractor shall make application therefor on Army Air Forces, Materiel Command Form No. 26, which application shall be made in the manner prescribed in Article 4.

(b) Shipping Instructions. If not otherwise provided herein, names of consignees of all products and materials or other items to be delivered by the Contractor hereunder will be furnished to the Contractor in writing by the Contracting Officer at a later date.

(c) Packing, Marking, Tagging and Labelling Requirements. - Prescribed Standards. Whenever it is provided in this Article 3A that the Contractor shall comply with the prescribed standards applicable to any of the requirements set forth in this Article 3A, the Contractor in so doing shall comply (i) with any applicable United States Army and Army Air Forces requirements, and (ii) to the extent there are no applicable United States Army and Army Air Forces requirements, with standard commercial practice. The Contracting Officer, upon request of the Contractor, will furnish the Contractor the prescribed standards applicable to the requirements set forth in this Article 3A.

(d) Domestic or Export Packing. If it is provided in this contract that the products and materials or other items shall be packed for domestic or export shipment, then, unless otherwise provided herein or directed in writing by the Contracting Officer, the Contractor shall properly pack, box and/or crate such products and materials and other items to the extent and in the manner necessary to comply with the prescribed standards applicable to domestic or export shipment, as the case may be.

(e) Marking of Outside Shipping Containers. Unless otherwise directed in writing by the Contracting Officer, the Contractor shall mark all outside shipping containers and attach packing lists thereto in accordance with the current issue of U. S. Army Specification No. 94-40645 and shall forward copies of the packing lists bearing the outside container number to the consignee and to such other representatives of the Government as may be directed by the Contracting Officer.

(f) Tagging and Labelling. Unless otherwise provided herein or directed in writing by the Contracting Officer, the Contractor shall tag all products and materials or other items, or the bundles thereof, and shall label all individual containers, all to the extent and in the manner necessary to comply with the prescribed standards applicable to such tagging and labelling.
